*a. All other heraldic officers in a geographic chartered subdivision shall be called "heralds."*

*b. These heralds shall be subordinate to the local Sovereign of Arms.*

*Heraldic titles are granted only by the ISOA.*

## Returns

- **Royal Order of the Golden Hatchling** Badge K-York (July/2005)

*Gules, A Dragons Head Erased Or, Base Dancetty Or.*

*Fleur-de-Lis is compelled by research to extend a ruling to disallow peripheral ordinaries from being cotised or from using the 'dancetty' line of division. , Fleur-de-Lis considers the peripheral ordinaries to be the chief, the bordure, the base (including the point pointed), the quarter, the canton, the gyron, the orle, the double tressure, and flaunches. Unfortunately, this otherwise lovely device falls victim to this rule. As of this LoRR, there would be no conflict for this device resubmitted without the base or with a plain line base.*

- **White Rose King of Arms** Device K-York (July/2005)

Per pale purple and gules, a Royal Crown Or atop a rose argent slipped and leaved vert.

*Violation of P&P PRESUMPTION, Rule IX.B, 3. There are a number of charges that no one can use. They are either presumptuous (claiming a mundane rank), or offensive. Examples of presumptuous charges include: Tudor rose, crowned shamrock, crowned rose. Examples of offensive charges include the swastika. Note: this list is not allinclusive. Also violation of HMRRA VII.B.*

Also the crown in this instance is considered a augmentation and does not count towards a CD, as per **P&P DIFFERENCES 3.**

**Which leads to conflict against Gules, a rose argent, slipped and leaved vert. [E-Canton of LancasterYORK].” Having only one CD of difference for Changing at least half the field. Conflicts found against mundane “Arms of York Herald”. Caution against Sovereigns of Arms incorporating a Royal Crown into Arms for their offices. Though the Lyon King of Arms utilized a royal Crown with out jewels. Within the Adrian College of Arms, Kings/Queens of Arms are allowed two acceptable crowns for their offices as to avoid issue’s of presumption. A crown of four crosses fleury and a crown of sixteen leaves every alternate one being higher than the rest with nine in profile. These coronets should never be displayed with caps of maintenance.**
