

Greetings Your Imperial Majesties, Members of the Imperial Estates and Populace of the Empire.

I bring good tidings from the office of Rolls and Lists. During these past months, I had the pleasure of completing six audits for members who had achieved third level of knighthood.

Dame Jaylan DuLoc of Aurochs Fjord, mka Jessica Silva, Knight Premiere  
Sir Vanyev Betzina of Gloucester, mka Michael Betzina, Knight Premiere  
Sir Uther von Hopf of Terre Neuve, mka Vernon Hoff, Knight Champion  
Sir Wher Wulfe of Stirling, mka Steve Levy, Knight Warden  
Sir FafnirHallgrim of Umbria, mka Ryan Nee, Knight Champion

The amount of time, work and dedication put forth by these Knights to have reached this point is truly awesome.

I did leave one out. HH Wright Bentwood of Stirling, mka Chris Bagnall, Knight Warden. As you may or may not be aware, Lord Wright has the distinction of being the second person in the history of Adria to have achieved Third Level Knighthood in all four of the disciplines.

Join with me in extending congratulations to all six of these Knights.

I have just recently received another request for an audit.

An-ridire Ruaidhri Silverhand, Imperial Deputy of Conversions, has had his hands full also. He has completed and submitted two more conversions.

I continue with sharing educational information with the Rolls Ministers across the Empire via the Rolls Yahoo Group. Perhaps not as regularly as I should, but I do get positive feedback for this information.

The majority of Rolls Ministers across the Empire make a great effort to maintain contact with me, apprising me of issues and questions, as well as submitting their Chapter information. At the end of this report, I have compiled a listing of each chapter and their standing with regard to event submissions as of October 18. Obviously there will have been events submitted to me after that which may change the list. This list is for the current Imperial Reign. I am still working with various chapters to try to clear up other old events.

If you have any questions, please do not hesitate to reach out to me.
