

Hail and well met!

Greetings.

Their Imperial Majesties, Gabriele III & Callon I, want to improve communication amongst the populace. While social media can be great, messages can get lost in the shuffle. This newsletter aims to share the good news from any part of the realm.

We want to hear from you! Send on knightings, new members, life transitions, event recaps and event schedules so that we can feature your chapter! Text is great, images and videos are a bonus. Feel free to include full-size images - your deputy hospitaller will resize them if necessary. Please send your news to newsletter@adrianempire.org at any time.

Their Imperial Majesties Retain The Crown

Emperor Callon I defends his crown on the archery field at ICW Northwest

The Imperial Crown War took place over Labor Day weekend. All contenders fought valiantly and well, with those fighting for their Majesties Gabriele and Callon seizing the day. We thank Lady Moira and Prince Eric for their passion in serving the Empire and look forward to seeing their leadership in their local chapter.

Her Majesty Empress Gabriele would like to specifically thank Queen Leannan of Auroch's Fjord for her amazing handling of the 38 Arts entries at Southwest Crown War and to Sir Cledwyn for hosting and building the beautiful dedication Pas D'Arms for the beloved Dame JoClair.

A hearty huzzah to everyone who participated, whether in arts, archery, combat or ministry!

International Steel Tournament

IST will happen at the Age of Chivalry Renaissance Faire at Las Vegas, NV from October 13-16. This year's event will feature tournaments in arts, archery, and steel to see who are the best in all the realms!

A very special event will happen on Saturday night: his Imperial Majesty's

taking of his Knight Champion. All are welcome to this most joyous knighting.

Regretfully, volunteer and camping slots are all booked. Regular day passes are available.
