

Letter of Registration and Return

February – 2010

Greetings unto the populace of the Adrian Empire!

During December we transferred two devices, returned three proposals and registered eighteen new grants of arms! We also acknowledged the elevation of Sir Gavin McAllister into the roll of the Adrian worthies.

Progress in making corrections to the online armorial slowed due to the holiday season but we continued to take notes for processing in the new year.

New policies were introduced into the heraldry manual governing:

- black and white copies of the grant of armorial bearing proposal form being no longer required
- the method of induction into the rolls of the worthies

We declared the great heraldic competition between subdivisions and challenged armiger and subdivision alike to put forth their best heraldic display at Banner War(s) 2010.

Remember, as of the 15th of February 2010, the old grant of arms proposal forms became obsolete and are no longer to be accepted or processed by the college of arms. If you hand an old form (even if it is filled out perfectly) to a minister of arms, they should hand it back to you and ask that the proposal be placed on the current form.

In Service,
