

LETTER OF REGISTRATION AND  
RETURN  
MAY - JUNE 2015

Unto Their Imperial Majesties, and to all unto these letters come do I, Baron Sebastian Javier de la Cruz, Imperial Sovereign of Arms, send greetings.

This is the Official Letter of Registration and Return for the months of May and June, 2015.

Reports were received from the following chapters:

**Albion-Rayonne, Alhambra, Auroch's Fjord, Constantinople, Drachetor, Esperance, Gloucester, Glynmore, Konigsberg, Malta, Monaco, Murrisk, Somerset, Terre Neuve, Varheim**

The following chapters did not send in reports:

**Altland, Bisqaia, Brandenburg, Brunico, Cashel, Chesapeake, Connacht, Cyprus, Lancaster, Murrisk, Pembroke, Raven's Fjord, Roanoke, Thinaria, Umbria, Wolfendorf, York**

In accordance with the decision issued recently concerning the released arms of the Estates of the Kingdom of Terre Neuve, many devices are being reinstated. Now, it should be stated that a few of these devices had been registered in the Empire for many years and would be in violation of current heraldic rules and standards. These arms are not being returned for violating the rules of registration, however, because the arms were ruled to have been released in error.

As well, I wish to take a moment to recognize the service of a particular herald. Though this person has been serving quite exemplarily as one of my deputies, she has also taken on quite a bit of responsibility as a local minister of arms. In doing this, she has expanded her workload quite a bit. However, despite the increased amount of work, she continues to serve with enthusiasm, dedication, and a positive attitude. In recognition of this, I hereby induct **Dama Antonia Lopez-Hawk** as the newest member of the College of Arms' Order of the College Cross.

In Service to the Empire,

**BARON SEBASTIAN JAVIER DE LA CRUZ**

**BARON IMPERIAL & ROYAL  
IMPERIAL SOVEREIGN OF ARMS**

## Members-At-Large

**Aston de Somerville**

*Device*

9324

Per pall Gules, Azure, and Sable, two lions passant guardant respectant Or, langued Gules, and in chief four ermine spots conjoined in cross Argent.

*[ISOA Note: While section V.B.4 of the Heraldry Manual states “Per pall and per pall inverted field divisions must contain either two (2) colors and one (1) metal, or two (2) metals and one (1) color,” section VII.B.2 states that an exception to this rule can be applied to Gules ordinaries placed upon Azure or Sable fields, or Azure or Sable ordinaries placed upon Gules fields, so long as the ordinary is drawn with a simple line.*

*This presented an interesting question: Should the above mentioned Tincture Exception be applied to a Per Pall division?*

*To determine this, the following facts were considered:*

- 1. The Tincture rules for the Per Pall division are clearly meant to reflect both historical precedence and ease of identification across distances.*
- 2. There exists, both in historical documents and in Adrian policy, an exception for Gules ordinaries being placed on top of Azure and Sable fields.*

3. *The Per Pall division is not too vastly different from a Pile Inverted. The primary visual difference would be based upon size of the Gules section of the device.*
4. *The Per Pall division could also be confused with a triangular or pointed Chief; a rare, but not unheard of, ordinary.*

*As a result, it is the determination of the Imperial Sovereign of Arms that Per Pall division may be composed of Gules, Sable, and Azure so long as the chief section of the division is Gules. This applies to Per Pall Inverted as well, so long as the base section of the division is Gules.]*

## CORRECTIONS:

### Varheim

**Mizak Perado**

*Device*

6680

Per pale Gules and Sable, a medusa's head Argent

*[ISOA Note: In the LoRR of March/April 2015, this device was incorrectly registered to the Barony of Belicus Apri.]*

## RETURNED:

### Alhambra

**Sir Gallan**

*Device*

7965

Argent, a tree eradicated and on a border Vert a semy of spoons Argent.

*[ISOA Note: Conflict with Melora of Connacht, "Argent, a tree eradicated and a border Vert." Only 1 CD for adding of the spoons.]*

# Varheim

## **House Hrafnardottir**

*Device*

*75-02*

Argent, three ravens close Sable and a border Gules.

*[ISOA Note: Only 1 CD from Cryspen Mac Morrighu of Varheim, "Argent, three corbins 1 and 2 Sable." When it comes to registration, "a bird is a bird is a bird," so the difference in type of bird presented is not considered. As well, the positioning of "1 and 2" or "2 and 1" is not considered, as the end result is still three black birds. The addition of the red border does add one degree of difference, but two would be needed to clear the conflict. However, I do recognize that both this registration and the conflict exist within the same chapter. As such, it is possible that the House and the member in question are connected and this visual similarity is intentional. If that is the case, a simple letter to clarify or a permission to conflict would be requested so that the registration may go forth.]*

## **Emily Silverhand**

*Device*

*7117*

Gules, a talbot Or and on a chief Argent three mullets Or.

*[ISOA Note: Violation of the Rule of Tincture 2.IV.B, "Metal on Metal is reserved specifically to the Imperial Crown and its agents." Should the mullets be changed to a tincture other than Argent or Or, this submission would pass.]*
