

**LETTER OF REGISTRATION AND
RETURN**

SEPTEMBER - OCTOBER 2015

Unto Their Imperial Majesties, and to all unto these letters come do I, Baron Sebastian Javier de la Cruz, Imperial Sovereign of Arms, send greetings.

This is the Official Letter of Registration and Return for the months of September and October, 2015

Reports were received from the following chapters:

Alion-Rayonne, Alhambra, Auroch's Fjord, Brandenburg, Cashel, Connacht, Constantinople, Cyprus, Drachetor, Esperance, Gloucester, Glynmore, Konigsburg, Lancaster, Malta, Monaco, Murrisk, Somerset, Stirling, Terre Neuve, Wolfendorf

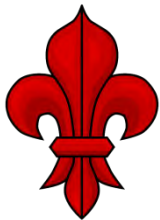

The following chapters did not send in reports:

Altland, Bisqaia, Brunico, Chesapeake, Pembroke, Raven's Fjord, Roanoke, Thinaria, Umbria, VarHeim, York

This LoRR represents the final LoRR of the year and of the reign of TIM Wright and Elizabeth. I want to thank Their Majesties for the trust they placed in me. Serving as Imperial Sovereign of Arms has been a wonderful, and humbling, experience.

Taking on this role has not always been easy, and I could not have accomplished half of this job without the tireless, dedicated, and invaluable assistance of my deputies.

To Dame Constance Rosewall, Beltazure Queen of Arms; Sir Ansel de Gace, Phoenix King of Arms; Sir Vanyev Betzina, Griffin King of Arms; and Dama Antonia Lopez, Codex Herald, I offer my sincerest and heartfelt gratitude for all you have done, and continue to do, on behalf of the College of Arms. Beings that each of you is a Herald Extraordinary in your own right, there is no higher honor I can bestow upon you. Instead, I offer the following as a token of my esteem and ever-lasting friendship.

As a symbol of the friendship and trust I have in each of you, I give unto you the right to augment your arms or badges, or to wear upon your person, my personal badge of *[Fieldless] A fleur-de-lis Gules*. May all who see this know that you carry my personal favor and eternal friendship.

To Baron Francesco Gaetano Greco de Edessa, Tyger Herald, I regret that there is nothing more I can offer you than my dearest friendship and thanks. You are a King of Arms in your own right and were the first person to be given my token. Though there is nothing more I can offer to show you how much I appreciate your counsel and advice, please know that you are, now and forever, a sincere friend and trusted advisor without whom I would be lost.

Additionally, with the publication of this LoRR, there will be several arms pending release. These arms belong to members who have not been active within the Empire, nor renewed their memberships, in three or more years. If this list is incorrect, I need local Crowns or Ministers of Arms to contact me as soon as they are able so that I may correct the list. If no such correction is received, the College of Arms will assume the list is correct and the arms will be released in a subsequent LoRR approximately 60 days hence.

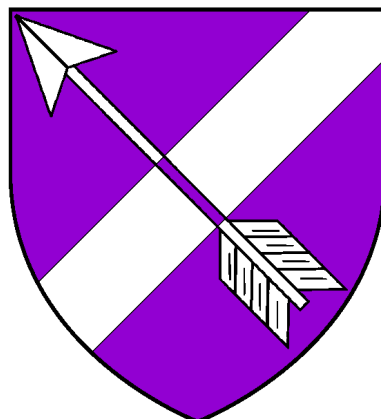

There are other arms which may necessitate release. However, those are arms of Estates, and as such will not be released, nor their names published, until such time as I can confirm with Royal Crowns the status of those Estates.

In this LoRR, there are 23 Registrations, 3 Returns, 1 Elevation, and 52 Releases Pending.

On a somber note, earlier this month, I was saddened to hear of the passing of a devoted member of the Adrian Empire. However, as befits a knight who has too soon been taken from us, I have the solemn honor of elevating her to the Roll of the Worthy.

Dame Margarita Dubois, late of the Kingdom of Umbria and Shire of Cyprus, has had his virtues and honors recounted to me by knights from across the Empire. Her impact was felt across all corners of our land, and the legacy she leaves us will be carried on in the hearts, minds, and deeds of all who counted her as a friend.

A proclamation will be published, made available for all who wish to bear witness to her honor, deeds, and elevation. **With the publication of this Letter of Registration and Return, I do hereby announce the elevation of Dame Margarita Dubois, late of the Kingdom of Umbria and Shire of Cyprus, to the Order of the Worthy.**

Her arms, being *“Purpure, a bend sinister Argent and overall an arrow inverted bendwise Counterchanged,”* shall forever more be protected and honored as Worthy, to be displayed in her honor and memory, and be borne on the field of honor by those who have not yet attained their own rights as an armiger.

To be elevated to the Order of the Worthy is a high honor. And though Dame Margarita Dubois may not be with us in person, her spirit and memory shall remain with the Empire for all time.

In Service to the Empire,

BARON SEBASTIAN JAVIER DE LA CRUZ

Alhambra

Barony of O'Rain Northloch

The only exception to this rule is in the use of Gules, Azure, and Sable as a combination, as noted in the LoRR of May/June 2015. It states "it is the determination of the Imperial Sovereign of Arms that Per Pall division may be composed of Gules, Sable, and Azure so long as the chief section of the division is Gules. This applies to Per Pall Inverted as well, so long as the base section of the division is Gules."

(ISOA Note: The Kelpie appears to be a Scottish mythological creature similar to a seahorse. However, based on my research, I cannot find reference to it being used in heraldic devices. My suggestion would be to re-draw the device depicting a standard heraldic seahorse. Then, after registration, the owner of the device could use artistic license to display the seahorse in any style he or she wishes.)
