Greetings unto the populace of Adria!

Things have been happening in the heraldry department, I have currently learn that our current website has some flaws, and been in contact with those that have noted the issues to be corrected.

Known Issues

- When transferring a members main heraldic arms or their first one they created. It will not update the thumbnail next to the members name.
- Sometimes the website will write over existing heraldry previously added

**Currently majority of the New Release Arms from the October 2021 LORR has been added.
With the exception of the following.**

**Imperial Event- International Steel Tournament for the reason of website code error
Leicester- New Chapter for the reason the chapter has not been registered in the Empire yet.**

The Current Plan

Upon the release the of this LORR Adria's ISOA Team will be working together with uploading the information. Once complete January 2022 LORR will be release. This process will repeat for future LORRS.

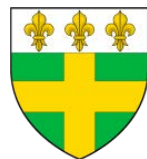

I appreciate everyone for your patience through the changes.

Please make sure ALL submission are to be sent directly to me, myfoxco@gmail.com

**If you do not receive a reply from me within 3 days acknowledging receipt,
please check the address is correct and resend. Thank you.**

In service,

-Ashlynn O'Conner -
