The Adrian Empire is dedicated to the study and re-creation of Western European culture between the year 795 and 1620. Our members work chapters usually meet on a monthly basis and hold tournaments of combat, archery, and the arts. Occasional regional as well as two annual national events, we strive to wear period garb, set up period encampments or settings, and comport ourselves with chivalry and honor.

**Archery**  
Adrians hold regular archery tournaments in historic style. While wooden bows are encouraged, modern bows are allowed if they are not compound and have no sights or counterbalances and our archery tournaments allow only wooden shafted arrows. Period crossbow tournaments are currently being studied within the group. See the [Missile Weapons Manual](#) for details.  
Archery is integrated into some combat scenarios.  
We use arrows made of fiberglass safety shafts with specially constructed padded tips and bows with limited power.

**Arts and Sciences**  
Adrians strive to re-create various historical humanities. We research and reproduce objects that existed in period, using period construction techniques whenever possible. Examples include costuming, cooking, needlework, drawing, bardics (e.g. song and tale), wood and metal working etc.  
See the [Arts and Sciences Manual](#) for details.

**Combat**  
Adrians reproduce non Combat takes place in specially configured 4 varieties of fencing-type. Safety is the top priority. See the [Combat Manual](#).
